PROFESSIONAL SUMMARY

Motivated and detail-oriented fourth-year Pharm.D student with hands-on clinical training in hospital pharmacy, diabetes management, and public health internship settings. Certified in Good Clinical Practice (GCP), Pharmacovigilance, and Clinical Trials Regulatory Requirements. Demonstrated ability to conduct prescription audits, adverse drug reaction (ADR) reporting, patient counseling, and epidemiological data interpretation. Seeking opportunities in Clinical Research, Pharmacovigilance, Clinical Data Management, or Public Health Research to contribute to evidence-based healthcare solutions.

EDUCATION

Doctor of Pharmacy (Pharm.D) | **The TN Dr. M.G.R. Medical University, Tamil Nadu** | *2021 – 2027 (Expected)*

- 6-year integrated clinical pharmacy programme covering clinical pharmacology, therapeutics, pharmacovigilance, hospital pharmacy practice, and clinical research methodology.
- Coursework includes: Biopharmaceutics, Drug Information Services, Clinical Toxicology, Pharmacokinetics, Evidence-Based Medicine, Biostatistics, and Rational Drug Therapy.
- Actively involved in pharmacy-based research, poster presentations, and continuing education programmes.

CLINICAL EXPERIENCE & INTERNSHIPS

Clinical and Public Health Intern | **Erode Medical Centre (Monika Diabetes Clinic), Erode** | *May 2025 – June 2025*

- Participated in outpatient diabetes prevention and management programmes, gaining clinical exposure to Type 2 Diabetes Mellitus pathophysiology, risk stratification, and evidence-based treatment protocols.
- Conducted structured patient education sessions on lifestyle modification strategies (diet, physical activity, sleep hygiene), medication adherence, and self-monitoring of blood glucose (SMBG).
- Collected, recorded, and analyzed patient-level data on treatment outcomes, HbA1c trends, and complication risk factors using systematic data entry and review processes.
- Applied epidemiological principles to interpret chronic disease surveillance data, identifying patterns in glycemic control outcomes and non-adherence risk factors across patient cohorts.
- Collaborated with multidisciplinary healthcare team including physicians, dietitians, and nurses to reinforce integrated care plans and public health interventions.
- Strengthened competencies in pharmacoepidemiology, chronic disease management, and patient-centred health communication.

Clinical Pharmacist Trainee | **Lotus Multispecialty Hospital, Erode** | *August 2023 – September 2023*

- Conducted systematic prescription audits to evaluate drug appropriateness, dosage accuracy, contraindications, and adherence to standard treatment guidelines (STGs).
- Performed comprehensive drug interaction assessments and clinical screening of medication orders, flagging potential adverse outcomes for physician review.
- Reported and documented Adverse Drug Reactions (ADRs) in compliance with pharmacovigilance protocols, contributing to the hospital's drug safety monitoring system.
- Delivered patient and caregiver counselling on safe medication use, side effect management, storage instructions, and the importance of medication adherence.
- Collaborated with physicians and nursing staff to promote rational drug therapy, therapeutic drug monitoring (TDM), and optimal patient outcomes.
- Gained practical exposure to hospital formulary management, drug dispensing workflows, and inpatient medication reconciliation processes.

CERTIFICATIONS & LICENSURE

Current Regulatory Requirements for Conducting Clinical Trials in India for Investigational New Drugs (v3.0)
Issuer: NPTEL – Indian Institute of Technology (IIT Madras) | **Completed:** September 2025 | ID: NPTEL25GE61S435100984

Good Clinical Practice (GCP) Training
Issuer: NIDA Clinical Trials Network – National Institute on Drug Abuse (NIH, USA) | **Completed:** July 2024

Pharmacovigilance Certification
Issuer: Pharmscape | **Completed:** February 2025

SKILLS & COMPETENCIES

Clinical & Research Skills: Prescription Audit, ADR Reporting, Drug Interaction Assessment, Patient Counselling, Medication Reconciliation, Therapeutic Drug Monitoring (TDM), Clinical Data Collection, Glycemic Control Monitoring, Rational Drug Therapy

Pharmacovigilance: Individual Case Safety Report (ICSR) Handling, Signal Detection Concepts, ADR Documentation, Safety Reporting Compliance, Pharmacovigilance Database Basics

Public Health & Epidemiology: Chronic Disease Surveillance, Epidemiological Data Interpretation, Study Design Fundamentals, Risk Factor Analysis, Health Outcomes Assessment, Community Health Education

Clinical Research: GCP Compliance, Clinical Trial Regulatory Framework (Indian & International), Study Protocol Understanding, Data Integrity Principles, Informed Consent Processes

Data & Technology: Clinical Data Entry and Management, Biostatistics Basics, Electronic Health Record (EHR) Familiarity, Speed Typing, MS Office Suite

Languages: English (Professional Proficiency), Tamil (Native)

Soft Skills: Analytical Thinking, Problem Solving, Evidence-Based Decision Making, Time Management, Adaptability, Team Collaboration, Scientific Communication

CONFERENCES, SEMINARS & ACADEMIC ACHIEVEMENTS

2nd ECPCON International Conference — PharmaNext Global 2025 | *The Erode College of Pharmacy, Tamil Nadu Dr. M.G.R. Medical University*

- Presented an e-Poster titled "Tackling Antimicrobial Resistance with Artificial Intelligence: Challenges and Opportunities" — secured Second Place in the Oral E-Poster Presentation category.
- Awarded a Certificate of Appreciation and earned 30 Credit Points under Category I of the Continuing Education Programme (CEP).

National Seminar — Real-Time Innovations in Pharmacy: Enhancing Patient Care with Current Trends | *Shanmuga College of Pharmacy, Sankari | September 2025*

- Attended a national-level seminar focused on emerging pharmacy practice trends, patient safety innovations, and evidence-based therapeutic advancements.

AREAS OF INTEREST

Clinical Research (Phase I–IV Trials) • Pharmacovigilance & Drug Safety • Clinical Data Management • Biostatistics & Epidemiology • Public Health Research • Health Systems Research • Evidence-Based Medicine • Regulatory Affairs
